Honorable Judge Gershwin Drain,

I am writing to request leniency from you in the March 12 sentencing of Rasmea Odeh, who I know as a community leader our community know well. I have known Rasmea and can attest to her positive characters and valuable contributions to her community.

Rasmea is an award-winning leader of Chicago's immigrant community who has dedicated 50 years of her life to serving refugees wherever she has lived. In Chicago, she built the Arab Women's Committee, with some 600 members. Because of Rasmea's work, immigrant and refugee women who came to the US from countries facing war and political crises – like Iraq, Palestine, Yemen, Syria, and beyond – now have a place to seek support, gain empowerment and community, and call their home.

Rasmea was convicted of Unlawful Procurement of Naturalization. Compassion in her sentencing will serve justice in this case. She was detained for a month immediately following the verdict, including almost 3 weeks in solitary confinement, which was extremely difficult for her.

As a survivor of torture, engagement for the betterment of her community in Chicago is critical to her emotional health; the isolation she endured while incarcerated was a great hardship and may have retriggered her Post Traumatic Stress Disorder (PTSD).

Also, as a 67-year old woman, her health suffered under the cold, damp, and uncomfortable conditions in the St. Clair County Jail, as they surely would in any facility lacking medical services and accommodations to provide for senior citizens.

Respectfully yours,

Imam Jamal Said,
